

CWG Relocates to New Headquarters Building

BOHEMIA, NY (January 7, 2010) – CWG, LLC has relocated its headquarters to a new 93,000-square-foot facility in Bohemia, NY. The move from its previous headquarters location in Holbrook, NY, was made to support growth and has allowed the company to consolidate operations from several locations.

“Our new state-of-the art facility provides the necessary space for our consolidated operations,” said Joseph Lucania, President and Chief Executive Officer of CWG. “This new building further enables our continual drive towards greater efficiency, which in turn allows us to offer increased value solutions to our clients.”

Operations at the new location include triage, repair, refurbishment, data erasure, reclamation, warehousing and fulfillment. Additional CWG worldwide office locations will remain in the Midwest, Hong Kong, Shenzhen and Beihai, China.

ABOUT CWG, LLC

CWG was founded in 2006 and is a global repurposing source that provides environmentally sustainable reverse logistics to the carriers and manufacturers of wireless devices. The company specializes in repair, refurbishment, data erasure, reclamation, reuse, resale and safe disposal.
